

## “Highly commended” Award

DA1432 DECT indePendant

*“ the good feeling of being safe at home ”*

We are proud to announce that DA1432 DECT indePendant is one of the winners of DECT Award Innovation 2018/2019 organized by DECT Forum\*.

DA1432 with its stunning feature set has won a “highly commended” Award and has been presented at the openD Launch Conference in Nuremberg, hosted by Fraunhofer Institute.

DA1432 DECT indePendant is the world-first Pendant for private organized Emergency Call System including reliable Fall Detection and Smoke Alarm Detection with Auto-call Function. DA1432 secures living at home in safety plus easy contact to Family & Friends in premium Audio quality.

Beside Fall and Smoke Alarm Detection, DA1432 is outstanding due to its integrated Voice Assistant (iVA) in any language. iVA makes the handling of DA1432 as easy as a child’s play. Any incoming and outgoing calls are announced by caller’s name e.g. “Walter is calling” or “Walter will be called, please wait”. Names and Numbers are individually entered via simple PC APP, delivered on USB stick.

Moreover DA1432’s iVA is used to announce time-controlled messages e.g. “9h30... please take medication”

DA1432 can be subscribed to any DECT Base Station at home.

DA1432 is available in 2 models:

- Private Help Model
- Service Provider Model
